Responsibilities and duties

The Faculty of Health and Welfare informs the supervising personnel about the objectives of practical training and other procedures required by the scheduling of teaching and supervision.

The Traineeship Organisation and the University of Applied Sciences shall not pay any fee or compensation for the provision of the traineeship and student guidance under this Agreement or for the costs thereof.

Parliament is currently considering a bill (HE178/2022 vp), according to which internships included in the degrees of universities of applied sciences in the field of social welfare and health will be compensated from state funds to internship organisations as of 1 January 2023.

Signatures

Identical copies of this agreement have been made, one to each contracting party.
